God bless these young men.

2 They even had an oil fountain at the party instead of a regular fountain. Free oil for all their friends.

7 HAHAHAHAHA!!! Bruh, I tried and failed! It's broken down a little in the post but damn the autistic connections made are impossible to follow unless you've been digging in this shit for a minute. I'd throw out a congrats and expect to not fully grasps this until it's part and parceled on here in individual posts.

2 Shills annoyed 4chan autists enough for them to show Dominion is tied to the most corrupt looters of

▼ Ukraine, with citations. And was going to help them with their elections too. That turned out well as we know.

6 Stop. You're doing it wrong.

▼ You're supposed to get a ultra widescreen monitor, change the font size to tiny and expand your browser to full screen. Then take a screen shot, save as jpeg, and then upload the 4 good pixeks here!

7 Shady Canadian owners of Dominion are also connected to some of the worst corruption in Ukraine.

2 It would seem someone has been digging into who actually owns Dominion and how they are connected to all other kinds of shady stuff.

5 Link not necessarily safe for work, for those new to 4chan.

▼ Ad for a porn website right on the top banner, good grief.

5 And the porn ads are not even the worst you can find there. I stopped reading there because of all the random gore pictures.

2 I had to do a double take when someone linked to /mlpol a few weeks back. Nazi cartoon pony smut really shouldn't exist...

4 Ads are usually related to things you search for on google and what not.

▼ Use incognito mode for porn fren.

7 Literally the second time I've pulled up 4chan on this PC, never pulled up porn on it. Going to guess a mostly empty ad profile scraped something nasty off the bottom of the barrel for that website full of degenerates.

Need to look into getting Brave on this linux machine...

4 I'm a single christian homeschooled pastor's kid: I haven't yet. Some of us still have respect for the sanctity of marriage in this country.

3 Don't fret about the other giving you a hard time. I'm disgusted too. How our side can claim to be on the right side of things and still spend countless hours ripping their dicks off to poor, manipulated women is beyond me. There's usually an archived link posted, here it's above my u/RachelKillsBam, and it usually remains safe but I too got the porn banners above and below the post. 4chan is fucking gross, necessary, but gross
